

Council Tax amounts for town and parish areas

The table below shows how much Council Tax you have to pay, including parish and town council spending, depending on where you live and which valuation band your home is in. Parish and town councils need extra money to pay for things like community centres, footpaths and extra street lighting.

The amount paid in each area varies because of 'special expenses' and parish charges. Special expenses is a way of charging our Council Tax in areas to reflect the amount spent on facilities identified as special expenses by the borough council. Special expenses will apply to an area where the parish does not provide its own facility or where that facility is not open to all Chelmsford residents.

The parish Council Tax percentage has, in some parishes, been higher this year than planned because of the removal of the support grant by the borough council.
